# OUTSIDE SPACES

VERYTA is equipped with a large bow sunpads, which allows guests to enjoy the maximum of the large forward space. The two large nets also allow you to fully observe the sea and experience it during navigation.

In the aft dinette we find a large table suitable for lunches and dinners, large seats and sunbathing.

For access to the sea there are two beaches with a ladder.

The up sunpads will allow you to observe the sea at 360°. In addition, you will be able to see more closely the navigation and maneuvers, thanks to the proximity to the commands.

Developed on three levels Veryta maintains a sportive line that blends with the modernity of Lagoon catamarans. Built in 2024 it is equipped with four large cabins, with en suite bathroom and double bed. The large outdoor spaces allow you to fully enjoy the sea in total relax. The sunpads allows a 360° view of the surrounding environment.

# INSIDE SPACES

The Lagoon 42 Veryta allows you to enjoy maximum comfort: a large lounge with dining table, four spacious cabins with large bathroom and double bed; and separate crew area.
