

# DELTA POWERBOATS MODEL RANGE

Delta Powerboats is an independent motor yacht manufacturer established 2003 in Sweden. We integrate forward-thinking design concepts with authentic craftsmanship to create unique on-the-water vehicles. Notable milestones from our history are the innovational, asymmetric deck layouts found in our sw-series and the groundbreaking carbon fiber designs found in our carbon series. Delta innovations that relates to safety and comfort, improved fuel efficiency and reduced environmental impact. Now we are taking our inventive spirit in a new direction with the introduction of the T26, a new type of tender with racing hydrodynamics, providing inspiring experiences on the water.

4 cabins + crew | 39 kts

#### Technical data

LOA	8.05 m	Fuel capacity	220 liters
Hull length	7.50 m	Fuel consumption	1.2 l / nm
Beam	2.60 m	Cruise speed	35 kts
Draft	0.95	Top speed	50-60kts
Dry weight	1,850 kg	Range	180 nm
Construction	GRP	CE Class	C

## T26

Delta T26 is the latest addition to the Delta series of open boats. Conceived as a center-console tender for water sports activities and daily adventures, the arrangement comprises an open deck layout with seating for eight passengers along with comfortable below decks accommodation for two. The twin stepped air lubricated hull provides lift and efficiency through the entire speed interval and is capable of a 60 knots top speed.

#### Engine options

Bracket mounted outboard 300-450 hp

#### Technical data

LOA	8.10 m	Fuel capacity	220 liters
Hull length	7.50 m	Fuel consumption	1.3 l/nm
Beam	2.60 m	Cruise speed	30 kts
Draft	1.00 m	Top speed	52 kts
Dry weight	2,000 kg	Range	170 nm
Construction	GRP	CE Class	C

## 26 open

Delta 26 open is the original open boat from Delta Powerboats, composed as a modern, safe and seaworthy day cruiser with the flair and elegance of a classic runabout. Performance, ease of handling and high usability with generous deck areas and a range of innovative solutions have made the 26 open a first choice for both new boaters and experienced yachtsmen. An inventive, air-stepped, deep v-hull construction provides exceptional stability, efficiency and speeds over 50 knots.

#### Engine options

1 x Volvo Penta VB-380

#### Technical data

LOA	10.95 m	Fuel capacity	550 liters
Hull length	10.00 m	Fuel consumption	1.6 l/nm
Beam	3.10 m	Cruise speed	30 kts
Draft	1.00 m	Top speed	39-43 kts
Dry weight	3,800 kg	Range 30 kts	340 nm
Construction	GRP	CE Class	C

## 33 open

Evolved from the original 26 open, Delta 33 open is a multipurpose sports cruiser intended to deliver outstanding experiences in a variety of uses, water sports, recreational cruises and weekend overnights with family and friends. The safe and extraordinary space-efficient exterior arrangement includes a fully equipped galley and an adjustable aft deck lounge which easily transforms into a sun bed or a comfortable dinette. Below decks a sophisticated teak interior holds comfortable accommodation for four guests in two separate cabins.

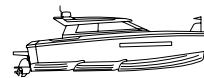

#### Engine options

1 x Volvo Penta D6-440  
2 x Volvo Penta D4-320

#### Technical data

LOA	10.95 m	Fuel capacity	550 liters
Hull length	10.00 m	Fresh water	200 liters
Beam	3.10 m	Cruise speed	29-31 kts
Draft	1.00 m	Top speed	39-41 kts
Dry weight	4,500 kg	Range 30 kts	340 nm
Construction	GRP	CE Class	B

## 33 coupé

Delta 33 coupé is the latest addition to the range of versatile cabin cruisers from Delta Powerboats. Innovative design, superior hydrodynamics and advanced technology integrations make the 33 ce stand out and achieve new levels of comfort and usability. Accessible deck areas, convertible soft top and a serene, satin-finish teak interior allow for ease of use and for the enjoyment of life at sea in any weather conditions. Belowdecks there is accomodation for four guests with a master stateroom forward and with a second double bed aft.

#### Engine options

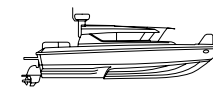

- 1 x Volvo Penta D6-440
- 2 x Volvo Penta D4-320

#### Technical data

LOA	9.55 m	Fuel capacity	300 liters
Hull length	8.80 m	Fuel consumption	1-1.1 l/nm (D4, 30 kts)
Beam	2.70 m	Cruise speed	29-40 kts
Draft	1.10 m	Top speed	42-50 kts
Dry weight	2,900 kg	Safe range 30 kts	250 nm
Construction	GRP	CE Class	B

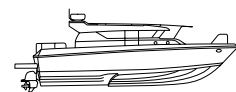

## 290 sw

Delta 290 is the original fuel-efficient sidewalk pilothouse from Delta Powerboats. Relaunched 2016 as a further development of the successful Delta 29, the 290 is conceived as a high-performance commuter boat providing comfort and safety in the most uncomfortable weather conditions. The innovational Delta sidewalk deck layout promotes protected passage between the stern and the bow of the boat while lending extra width to the interior. Inside the house the driver has superb visibility from the central steering position, there is plenty of seating for passengers and the possibility to overnight in the beamy forward cabin.

#### Engine options

- 1 x Volvo Penta V8-380
- 1 x Volvo Penta D4-320
- 1 x Volvo Penta D6-380

#### Technical data

LOA	11.10 m	Fuel capacity	500 liters
Hull length	10.3 m	Fuel consumption	1.6-1.85 l/nm (30 kts)
Beam	3.30 m	Cruise speed	28-40 kts
Draft	1.20 m	Top speed	38-46 kts
Dry weight	4,750 kg	Safe range 30 kts	250 nm
Construction	GRP	CE Class	B

## 340 sw

Delta 340 sw is a subtle revision of the classic Delta 34 with several improvements including an extended coachroof, an enlarged and fully integrated swim platform and a refurbished interior made from high-end materials. As the intermediate version in the Delta Sidewalk series, the 340 provides safe and easy access to the exterior deck areas when docking and underway. The pilothouse with its panoramic sunroof makes her adaptable to changing weather and relevant for boaters who wish to enjoy an extended season on the water. The interior arrangement includes a fully equipped galley, a raised dinette, separated head and shower and accommodation for four in two cabins.

#### Engine options

- 1 x Volvo Penta D6-440
- 2 x Volvo Penta D4-320

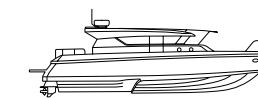

#### Technical data

LOA	13.10 m	Fuel capacity	700 liters
Hull length	12.10 m	Fresh water	400 liters
Beam	3.60 m	Cruise speed	28-35 kts
Draft	1.20 m	Top speed	40-45 kts
Dry weight	6,700 kg	Range 30 kts	300 nm
Construction	GRP	CE Class	B

## 400 sw

Delta 400 sw is the flagship of sidewalk pilothouse motor yachts from Delta, designed to be used all year round as a trusted partner in all your activities at sea. The asymmetric deck layout allows for increased interior space while providing easy and safe passage between the stern and the bow of the boat. The spacious deck house includes a fully equipped galley and seating with excellent views around a raised dinette while the belowdecks arrangement includes accommodation for six guests with one owner's stateroom forward along with two amidship double cabins.

#### Engine options

- 2 x Volvo Penta D4-320
- 2 x Volvo Penta D6-380
- 2 x Volvo Penta D6-440

#### Technical data

LOA	18.10 m	Fuel capacity	2,900 liters
Hull length	16.60 m	Fresh water	700 liters
Beam	4.60 m	Cruise speed	25-30 kts
Draft	1.40 m	Top speed	36-37 kts
Dry weight	12,800 kg	Range 30 kts	450 nm
Construction	Carbon fiber	CE Class	B

## 54 ips

Delta 54 ips is the original carbon fiber sportscruiser from Delta Powerboats, setting a new benchmark for fuel efficiency among performance motor yachts. Resourceful exterior areas with comfortable and safe deck arrangements combined with authentic craftsmanship, luxury features and state-of-the-art IPS pod drives enable the boat's multipurpose nature – the 54 is designed to excel in all types of activities on the water. Her light and airy deck house is accessed via sliding glass doors aft or a captain's pantograph-opening door on starboard side. Belowdecks a generous owner's cabin with en-suite head and shower along with two twin- or optional double-guest cabins accommodate six guests in premium-class comfort.

#### Engines

2 x Volvo Penta IPS 800

#### Technical data

LOA	18.22 m	Fuel capacity	2,900 liters
Hull length	16.60 m	Fresh water	700 liters
Beam	4.60 m	Cruise speed	25-30 kts
Draft	1.40 m	Top speed	36-37 kts
Dry weight	12,800 kg	Range 30 kts	450 nm
Construction	Carbon fiber	CE Class	B

## 60 open

Based on the successful hull of Delta 54 and powered by an identical Volvo Penta IPS setup the Delta 60 open is responsive as a pocket size sports boat. The versatile cockpit holds seating for twenty guests and seamlessly transitions into a terrace-sized multifunctional launch platform. The belowdecks arrangement includes accommodation for six with a spacious owner's stateroom forward with en-suite head and shower along with two amidship twin- or optional double-guest cabins. With her efficient carbon fiber hull and high level of comfort the 60 open is pure powerboat performance offering endless possibilities at sea and in ports.

#### Engines

60 open

LOA	25.72 m	Fuel capacity	2 x 2,740 liters
Hull length	23.82 m	Fresh water	1,450 liters
Beam	6.22 m	Cruise speed	10-33 kts
Draft	1.72 m	Top speed	36-39 kts
Dry weight	43,000 kg	Range 30 kts	500 nm
Construction	Carbon fiber	CE Class	B

## 88 carbon

Delta 88 carbon is the flagship in the series of individual carbon fiber motor yachts built by Delta Powerboats. Pioneering design, outstanding hydrodynamic performance, luxury comforts and an exquisite craftsmanship enable the 88 to deliver the most memorable on-the-water experience. Completed to an owner's specifications, the 88 carbon features a handmade Scandinavian-style interior highlighted by exceptional visibility, high-end finishes and generous storage. Designed for owner operation or to run with a small professional crew, the 88 accommodates eight guests with a full-beam king size master suite, a VIP- and two twin-cabins along with crew quarters for two crew members. The large, versatile cockpit and exterior deck areas provide space to entertain guests and facilitate any on-the-water life-style activity.
